## Bobby Flay Crispy Rice Recipe

Bobby Flay's crispy rice is a dish you'll want to master in your kitchen! It combines crunchy texture with rich flavors, making it a hit every time. The secret is frying pre-cooked rice with oil until it reaches that perfect golden brown crispness.

Using coconut milk and scallions adds a delicious twist that's both simple and flavorful.

Make sure to chill the rice overnight for the best results. It helps the rice hold its shape and crisp up beautifully.
